

# ENTERING KING NEPTUNE'S REALM

Beware, the ROYAL COURT OF NEPTUNUS REX determines the fate of polywogs below and above who dare to cross these steamy waters. His shapeless wife Mother Amer and their pleasantly plump child Baby Bill will also preside over this infamous court.

And so it was that on 24 November 1989 we crossed the equatorial waters and many can testify to the gruesome ordeal experienced by those chosen few. But ask not a one for its disclosure -- to divulge such a secret carries a penalty worse than death itself. . . . another trip South.
