#### FOX DOGS

Fox Dogs are a special fire fighting duty officer afloat. Their primary duty is to direct fire fighting units at any fire that might occur in their areas. All the men pictured on this page are seasoned firemen with years of fire fighting experience on city fire departments. Rich with experience, these men were picked for still another reason: Their ability to handle men. Fox Dogs are the quarterbacks of this championship team. What fire apparatus they call in on a fire and how they direct that apparatus upon its arrival often means the difference between a major and minor fire. How well they have done their job is reflected in the exceptional record of the Fire Division.
