

Jet propelled "tin fish" shows profile

STATION NO.3

West Basin is the home of the Fire Division's two original tin fish. First berth for the crew now at Station No.3, Berth 148, was at 118. Early in 1943, the CG 30080-F was moved to its present station with the CGR 351. The combined crews rolled up their sleeves and built themselves one of the neatest and best equipped fire stations in the Captain of the Port. Recently the CGR 351 was decommissioned and her crew sent to Station No.10.

CREW OF CG 30080-F

Embleton	Heiner	Stuart	Keyes	Pratt
Hale	Ledden	Ruotsala	Smith	Winters
Hettig	Farrow	Callison	Eddy	Johnson
