

Crew at berth #140 don turnouts. They built own station.

Upper right: Cook Turner is one of the best cooks in division.

Lower right: Basketball is favorite sport.

STATION NO.4

Like all the Fire Division "tin fish," the little Hanley boat that ties up at berth 140 can throw tremendous quantities of water. She has four Chrysler marine engines which drive four single stage 750 g/p/m Hanley pumps. These furnish propulsion power and a total pumping capacity of 3000 g/p/m. From three small shacks parked on West Basin sand dunes, the crew of the CG 30081-F has built and added to their station until they now have admirable living quarters.

CREW OF CG 30081-F

Verbeck	George
Hernes	Pitts
Brinkley	Rothermel
Goertz	Turner
Giacopuzzi	Corella
Uruburu	LeBeau
Farke	Fuhrman
