

Starboard watch lines up on bow

Spotter: fire or fish

CG 65018-F ALSO BERTHS AT STATION NO.7

The CG 65018-F was formerly the MORGONIAN III, a charter boat on Lake Meade, behind Boulder Dam. She's been a fire boat for a year and a half, earlier she had done patrol duty off the California coast. Her crew has done its hardest fire fighting when away from Long Beach. Fortunately too, for Station No.7 is within a stone's throw of the explosive loading docks.
