

MORE FIFTH PLATOON

Robert W. Cathey -- It's pretty hard to find "silent" Bob whenever you want him. That's because Bob is usually sleeping under his bed when he "doesn't have anything else to do". Early in the game he learned that the TDO couldn't see him there. Twice he finished in second place in drill competition and was a member of the honor platoon. The only ex-platoon petty officer from Statesville, North Carolina, Bob got a degree in business administration from Chapel Hill.

Richard R. Cottingham -- From Klamath Falls, Oregon, he attended Southern Oregon College. A glutton for punishment he majored in biology and minored in geography and chemistry. He is interested in boat racing and skiing, and belongs to the National Ski Patrol System. His major accomplishment here has been maintaining his sanity while rooming with Sick Bay's favorite son. Duty request -- flight school.

Phillip D. Cleveland -- Phil is the only man in the company to have a picture of a dog on his bookcase instead of a girl. His hometown is Arcadia, California. Although he majored in English at Ca. State, Los Angeles and was NF for 16 weeks, his favorite sport is mountain climbing. Somehow we can't see him climbing a mountain with his doughnut.

Laurent C. Deschamps -- Deschamps, Laurent C. - my service number is 2065-692, my rifle number is 3564529. I live in barracks 96, room 142. My watch section is 5-1 and I am in Bravo Section. The Coast Guard makes me feel important. When I become Company Commander it will be imperative that everyone be up by 1100 for mixed tomato juice. I went to Trinity College, Hartford, Conn., and I like beautiful and interesting women, and Beefeaters-on-the-rocks, and the Coast Guard. May I leave now, Mr. Pepple?

Gary W. Fought -- Gary is from Lindsay, Ohio, he attended Bowling Green State University, majoring in accounting and math. Golf, swimming, boating, and volleyball are some of his interests. He plans to marry a most attractive red head, which explains some of the rendezvous' in Richmond. He wants to go to Cape May Receiving Center, but only after graduation. One of his steps toward graduation was beating his roommate's 99 on one of the navigation exams.
