

**TEBER L. AMOS**

Like a dust bunny in the night, Teber, quietly and efficiently, went about her work. Though spectacularly unspectacular, she earned our respect with her performance. Her orders are for G-RA in headquarters.

**FRED F. GARLAND, III**

Through the magic of our twice-monthly re-assignments, seven different people were Fred's roommates. They were good broogs, however, and they took the hard word well. His terrible puns caused more than one roommate to study the homicide statute in the UCMJ. The former ET1 is going to the Eleventh District headquarters in Long Beach.

**JOSEPH A. BROOM**

As our first PC, Joe led us to our first drill comp victory. A week later, he took us to our first fourth place finish, and the week after that, he took us to first again. Joe will see many more peaks and valleys at MSO San Francisco.
