

DENNIS J. HAISE

Like all the temps, Denny kept his mouth shut for the first ten weeks. A former YNL, he was an invaluable aid as we navigated the murky channels of OA. He kept Alpha-one on course; now, can he do the same for MSO Hampton Roads?

BENJAMIN L. GIDDENS

Uncle Ben was our resident war hero and part-time barber. He killed a lot of water in Viet Nam with a 50 calibre machine gun, and he prevented a lot of demerits at OCS with his clippers and comb. Do they need a barber at headquarters?

JAMES Z. CARTER

Jim helped keep the program in perspective when his wife had a baby girl during the eleventh week. This proud papa is heading for New Orleans.
