

6 DEC 79

Crossed the International Date Line at position 31° - 22.15 ' - 172° - 30.0 'W

10 DEC 79

Arrived in Auckland, New Zealand.

When we arrived in Auckland we bunkered diesel fuel at the Wynyard Wharf then shifted to Prince's Wharf the following day.

Many of us saw Auckland only through a haze of Scotch whiskey, while others enjoyed exploring many of the natural wonders unique to this island in the South Pacific. Wherever we roamed about the islands there were always the sheep which outnumbered the human inhabitants 20 to 1.
