

## SAILOR OF THE CRUISE MK2 JERRY DIAMANTIDES

Jerry DIAMANTIDES was a landslide choice as Sailor of the Cruise. His long hours of hard work in the enginerooms and the patience and understanding he demonstrated toward his shipmates did not go unnoticed. Unfortunately, Jerry's family and friends still reside in his native city of New York, and none could meet him in Mazatlan. However, the Navy League presented him with a beautiful gold watch upon our arrival in Long Beach.
