

During the recent Yard availability the EM's oversaw the installation of new propulsion cables, Main Motor repair and Generator overhauls. At sea they chased and eliminated grounds and insured that the lights never went out on **GLACIER**.

"OK where did I put my tool bag?"

EM2 McKenna drilled us on shop safety

"Here I am Chief!"

"You've done the Decomm inventory already Masterchief?"

"No Guy, it doesn't work like that"

"Whats up Hoss?"
