

DAMAGE CONTROL MEN

L to R, back, DC3 Peterson, DC3 Doolay, DC1 Crossen, DC2 Foss, DC2 Coffey, LTJG Daisher, DC1 Harris, DCC Berg front, FN Cutting, DC3 Stamper

These skilled technicians served not only as Glacier's Fire Dept. but played a vital role in structural maintenance. They provided welding, carpentry, plumbing and fire-fighting expertise. If it was not onboard they could make one in their two modern shops.

DC's install one of the many armor plated tool boxes in their shop

DC1 Harris inspects Repair 5's locker

DC2 Coffey demonstrates his "vise held, sander

"Oh! I just love birthday parties!"
