CWO4 Hillegas, Medical Officer

"Now when I was on the Burton Island ..."

SN Taney takes notes for the Medical Officer's sanitation inspection

"Doc ever since I got my orders to San Diego, I haven't been able to straighten out my neck

Preparing the crew for a six month deployment was no little task for the medical dept. Physicals, Dental Exams, Eye Exams, Records and Medicines had to be checked. First Aid, Hypothermia and general safety lectures followed. The weekly sanitation inspections insured that **GLACIER'S** crew lived in a clean and healthy environment.
