"Sweepers, sweepers, man your brooms"

SN Peterson shows his handiwork to SN Crane and FN Redondo while serving as wardroom mess attendants

The men and women of the Deck Force worked long hours to ensure that Glacier completed her missions. Hours of watches, Cargo ops, science ops, compartment cleaning and painting, hull maintenance, small boat operations, flight operations and our arrival/departure from port, proved to be no great challenge to these dedicated men and women. Truly the backbone of any ship, Glacier had the finest!
