

USCGC KLAMATH

Foreword

Memory is a fragile thing. The multitudes of detail and routines, as days become months and months become years, grinds the sharp edge of recall, until gradually these things forgotten outnumber the moments remembered from an experience, a place, a time, a Cruise.

Let those of us who shared USCGC KLAMATH'S West Pan Cruise 1969-1970 forget the sights and sounds, the days and nights, the work and moments, are recorded here for the days and months and years to come.
