

The Radiomen

Despite what some may think, life in the radio room is not life in the slow lane. To make sure that all radio and message traffic is sent and received clearly and correctly requires concen-

tration and the ability to remember many things at once. Without radio, communication with liberty ports and arrival points would be almost impossible.

You better not post; I'm tellin' you why ...
RM1 Thayer is comin' to town.

Above: RM2 Latronico and RM2 Baker turning to.
Right: Do ya think we'll strike ice?
