## Valparaiso, Chile

---

By the time Polar Sea reached Valpo, people were clamoring to get off the ship and enjoy some warm weather. One of the more frequented spots in town was the Restaurant Hamburg, a place filled with nautical collectibles. Nearby Vina del Mar attracted most, if not all, to peruse the sights. Activities offered included horseback riding, a winery tour, and deep-sea fishing.

The harbor in Valpo, in the area of the boat landing.
