

## RUSH Commended for Excellent Job Done During FleetEx

Though the USCGC **MUNRO** participated briefly in the FleetEx, **RUSH** was the only Coast Guard cutter to fully participate in the exercises. Duties ranged from plane guard for the **USS CORRAL SEA** to escort for the supply group of the task force. The exercises were held in the North Pacific

Ocean, testing the Navy's ability to conduct operations in cold weather conditions. By the conclusion of the operation the exercises included the greatest collection of ships in the Pacific since WWII, combining US Navy, US Coast Guard, US Air Force, and Canadian Naval Forces. Exercises such as ma-

neuvering drills, anti-submarine warfare scenarios, electronic warfare drills, formation steaming, gunnery shoots, air search tracking, and other challenges kept those assigned to Combat Information Center (CIC) and the bridge quite busy most of the time. Unprecedented amounts of communications
