

## NMFS Agent Joins RUSH to Add Depth

RUSH had a National Marine Fisheries Agent (NMFS) onboard during the Alpat. Ken Creamer, head of the NMFS office in Sitka, Alaska, joined RUSH in Adak to help the cutter by making boardings with the crewmembers and giving advice to improve the operations. He has years of experience in the law enforcement field, and his experience was a great asset to the efforts to obtain permission to seize YURYO MARU #31.

Following are the ships RUSH boarded:
