

GM3 Carn taking a rest before finishing work on the mount.

Front row, left to right: GM2 Meyer, FT2 Kozlik, GM3 Glick Back row: LTJG Sackler, GMC Spain, and GM3 Carn.

Weapons Receives Good Experience

The patrol helped Weapons Department prepare for Refresher Training. Between gunnery shoots, ASW exercises, and anti-aircraft exercises, the entire department received invaluable training during the FleetEx.

The ST's and GM's were busy doing PMS during the second half of the patrol, and the GM's were also busy preparing to replace the gun mount during the inport.

FT3 Kozlik just back from school.

FT1 Callicutt working on some equipment.
