

## RUSH at Work . . .

Clockwise from top left: ET3 Wilkerson standing a vigilant watch on the torpedo tubes; ET2 Trinidad working at his computer; MK1 Kauer doing a little on the job training; QM3 Bogan having fun hanging from the yardarm; MK1 Posey keeping an eye or two on things in Main Control; DC3 Hickey trying to find himself a way out; Capt. Rich overseeing a job well-done at UNREP; FA Bailey working hard to keep up with all our dirty clothes.
