

PLANKOWNERS

A plankowner is a member of the crew that distinguishes itself by commissioning a ship into the service of the U.S. Coast Guard. A crew-member's status entitles that member to certain rights and privileges, the most notable of which is "a clean, free, and unencumbered title to one plank of the deck of the ship after its retirement from service." Ranks in the list below are those attained by 12 December 1983.
